¹ This motion is titled "Defendant's Emergency Motion for Prompt Post-Deprivation Hearing on Forced Medication," and seeks "a prompt hearing to review the ongoing forced administration of psychotropic drugs to Mr. Loughner by prison officials." The Court construes the motion as a challenge to whether prison officials may medicate the defendant on an emergency basis without prior authorization by a court following an adversarial hearing.

1 The nonmoving party may oppose the motions by filing opposition papers no later than
2 noon on August 22. The Court will hear oral argument on August 26 at 11:00 a.m. The
3 hearing will be held in Courtroom 9 of the United States District Court for the Southern
4 District of California. Counsel for the Government may appear by video conference or in
5 person.
